

Professional & Business Terms (IT Industry)

Big picture

- The overall view or main idea, not just the small details.

Cut through competition

- Outperform or stand out from competitors.

Raise the bar

- Set a higher standard or expectation.

Same boat

- In the same situation or facing the same challenges.

On one's radar

- Something being noticed or considered.

Long shot

- A low-probability but possible attempt; something unlikely but worth trying.

Bite the bullet

- Face a difficult situation with courage or accept something unpleasant.

Holistic

- Considering the whole system or situation, not just individual parts.

Stakeholders

- People or groups affected by or involved in a project or decision (like clients, teams, investors).

Blue-sky thinking

- Creative, imaginative, or open-ended thinking without limits.

Buy-in

- Agreement or commitment from others (often stakeholders) to support a project or idea.

Synergy

- When combined efforts or teamwork create better results than working separately.

Scalability

- The ability to grow or expand without losing performance or efficiency.

MVP (Minimum Viable Product)

- A basic version of a product with enough features to attract early users and validate an idea.

In the loop

- Being kept informed or included in updates and communications.

Boil the ocean

- Try to do too much at once; take on an overly ambitious or impossible task.

Touch base

- Make brief contact or check in with someone.

Go the extra mile

- Do more than what's expected or required.

In the pipeline

- Something that's being worked on or planned for the near future.

Core competency

- A company's or person's key strength or unique expertise.

On the same page

- Everyone understands and agrees on the situation or plan.

Game changer

- Something that significantly changes the way things are done or gives a major advantage.

Ballpark figure

- A rough estimate or approximate number.

Bandwidth

- The time, resources, or mental capacity to handle more tasks or projects.

Leverage

- Use something (like resources, relationships, or tools) to gain a greater advantage.

Seamless

- Smooth, without interruptions, gaps, or visible problems.

Paradigm shift

- A major change in thinking, approach, or understanding.

Low-hanging fruit

- The easiest tasks or goals that can be accomplished with minimal effort.

360-degree view

- A complete or all-around understanding of something, considering all aspects.

Cut-throat competition

- Extremely intense or aggressive competition, often ruthless.
